

Nursing Theorists

When looking for a specific Nursing Theorist use CINAHL Headings.

Navigation:

Step 1: Access the Benner Library Home page at library.olivet.edu.

Step 2: Click on “Subject Guides” on the Home page.

Step 3: Click on “Nursing.”

The screenshot shows the Benner Library website interface. At the top, there are navigation links: About, Contact, Services, Reservations, Campus Links, and a search bar. Below these are links for Subject Guides, Books & Media, Benner Library (Olivet Nazarene University), Journals & Articles, and Help. The main content area is titled 'Subject Guides' and contains a grid of subject categories. The 'Nursing' link is highlighted with a red box. To the right, there are sections for 'Course Guides' and 'Specialized Guides'. The footer includes contact information for the Benner Library & Resource Center.

Step 4: Navigate to the CINAHL Complete database.

Using Tree View

Step 1: When using CINAHL Headings a theorist’s name can be typed in and clicked on to show the “tree view,” which provides all of the other nursing theorists available.

Step 2: Check the theorist(s) needed and click “add to search”

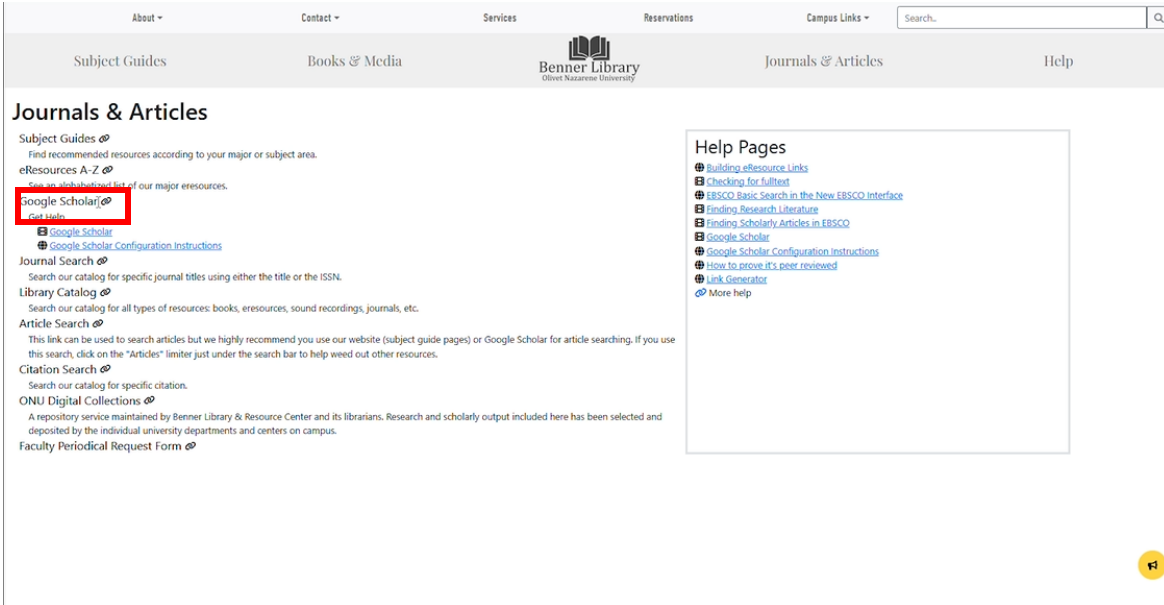

Step 3: Refine results as needed.

Notice: If PDF or html fulltext cannot be found, try clicking “Check for fulltext.” If none of these options are available, the item can be requested through ILL.

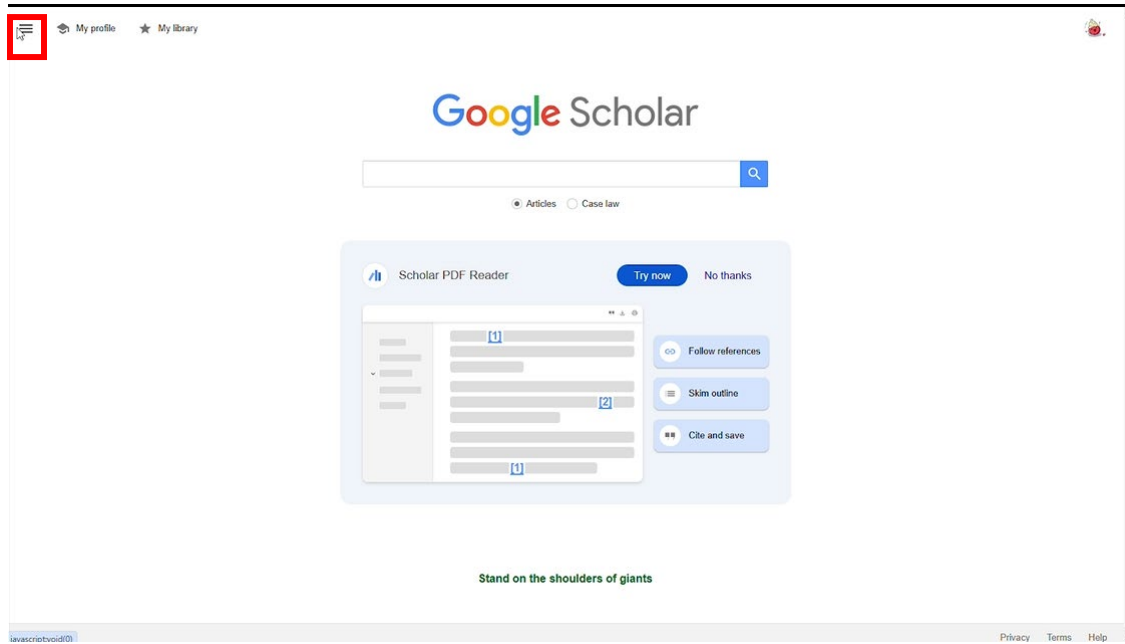

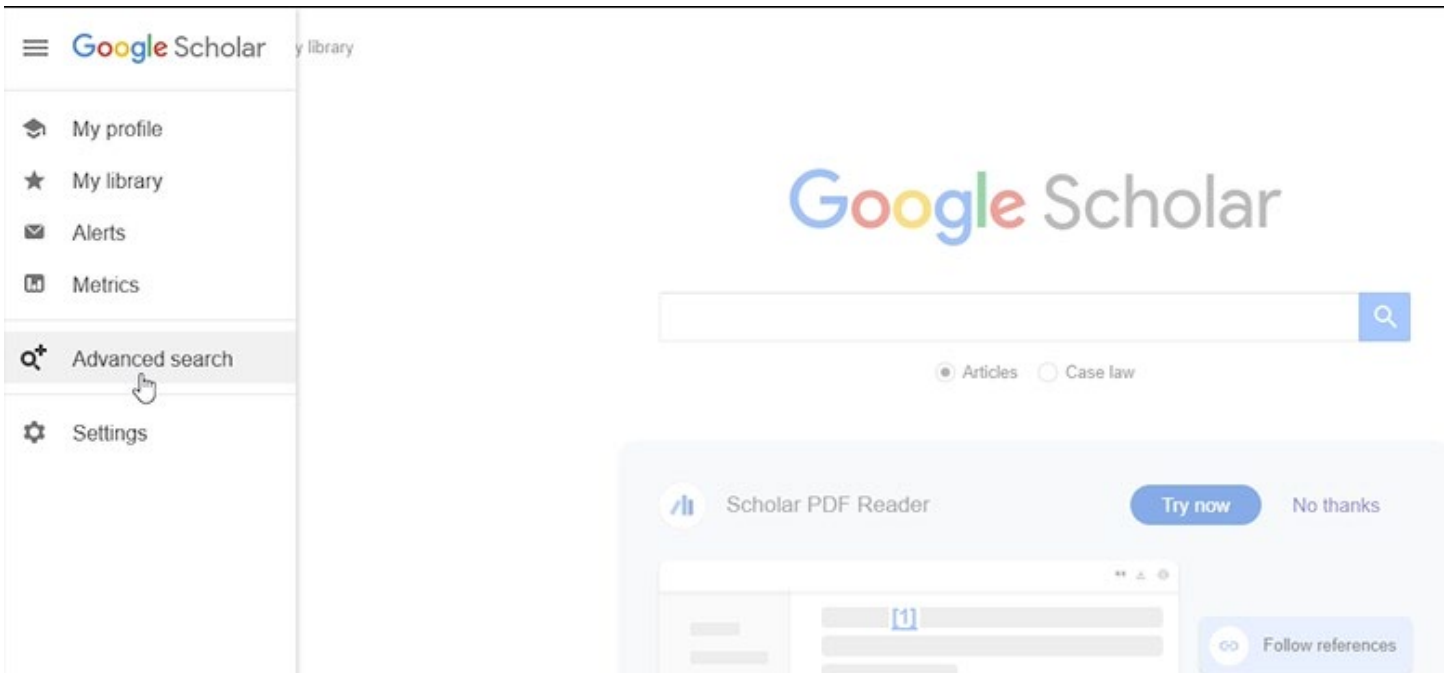

How to Find Nursing Theorists in Google Scholar

Step 1: Access Google Scholar from the library website under the *Journals & Articles* section- this way the links to Benner’s holding section will be accessible.

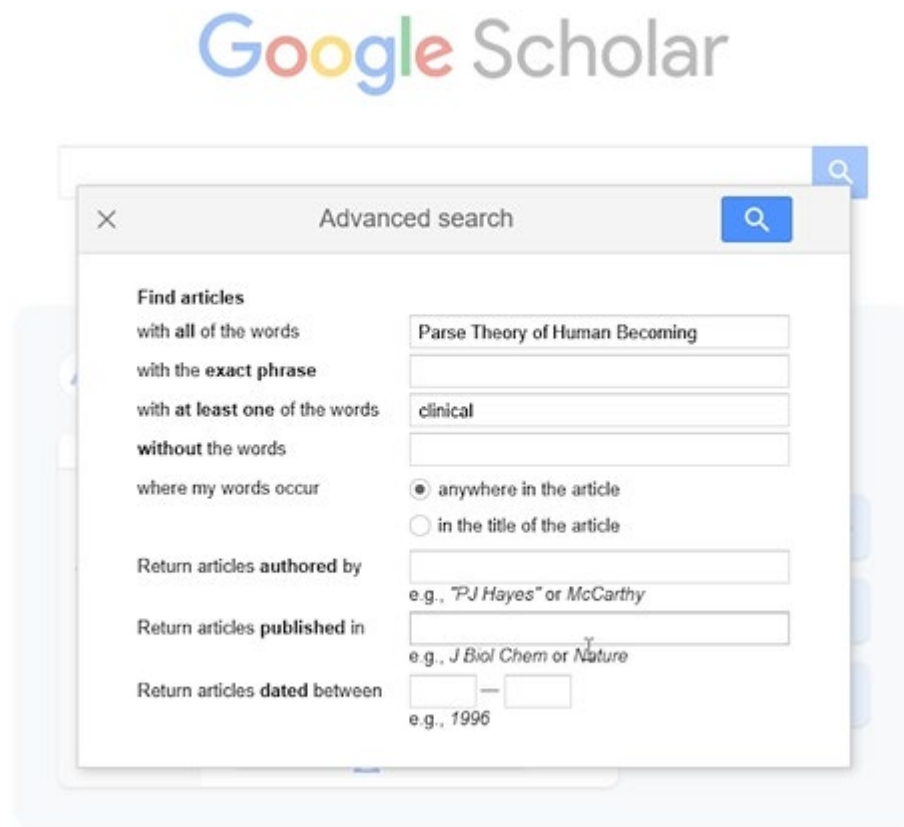

Step 2: After navigating to the Google Scholar home page, use the hamburger menu in the search box to get to Advanced Scholar Search.

Step 3: Setup the search with the same methods discussed earlier to limit the search as much as possible.

Note: Google Scholar does not have a peer reviewed section, so carefully sort through results.
