# Tips for searching Literature Online (LION)

Choose criticism

Then do a keyword search for the "title of your work" AND a subject search for Shakespeare

A screenshot of the LION search interface. It features two search input fields. The first field, labeled 'Keyword(s):', contains the text '"Measure for Measure"' and has a small example below it: 'e.g. Native American; Wuthering Heights AND gothic'. The second field, labeled 'Author/Subject(s):', contains the text 'shakespeare' and has a link 'select from a list >>' to its right. Below the first field is a link 'Clear search'. To the right of the second field is a purple 'Search' button. Below the second field is a small example: 'e.g. Atwood, Margaret; intertextuality'.
